

Employee Handbook - Welcome

Welcome to Unlox Technologies. This handbook explains the day to day working guidelines for all employees, including working hours, attendance rules, and leave application steps.

Working Hours

The standard working hours are from 9:30 AM to 6:30 PM, Monday to Friday, with a one hour lunch break. Employees are expected to log in and log out using the biometric attendance system each day.

Attendance Calculation

Attendance is calculated based on biometric login and logout times recorded each day. An employee must complete at least 8 working hours to be marked present for a full day. Logging in after 10:00 AM is marked as a late arrival, and three late arrivals in a month count as one half day of leave.

Leave Application Process

To apply for leave, employees must log in to the HR portal, select the leave type, and enter the start and end dates. The request is then sent to the reporting manager for approval. Emergency leave can be applied after returning to work by informing HR within 24 hours.
